SOUTHERN ADIRONDACKS FOR SOLAR

Have you thought about using the SUN
to produce electricity for your home?

NOW
IS THE
BEST
TIME
TO
GO
SOLAR.

Southern Adirondacks for Solar is supported by NYSERDA and Clean Energy Community (CEC). The organization and its volunteers are passionate about spreading the good word about clean, renewable energy and the huge savings when switching to solar.

State and federal government incentives help keep solar energy affordable for homes and businesses. In the upcoming workshops, our vetted solar installers will help answer any questions you have and help you decide if solar is the right fit for you.

New York State's goal of 50% renewables by 2030 makes this the best time to go solar -- saving you money and the environment.

Southern Adirondacks for Solar is a state-supported,
locally-organized solar program available to the community.
